

Dear Ms Brown,

Thank you for your email dated 29 April, following our visit to Mudgee.

The Governor and I enjoyed our visit immensely and it is inspiring to see people who are so active and committed to the youth of the district and beyond.

Your organisation, of which I was not aware, also seems to be a wonderful initiative . The Governor is similarly passionate about our richest resource - our young people.

It is unknown at this stage whether Her Excellency will be able to visit Mudgee again prior to her retirement in September 2014 however she sends her very best wishes for continued success with the Club Mudgee Max Potential Program.

Yours sincerely,
